

Gentry's Dog and Pony Show.

Gentry's famous dog and pony show gave two exhibitions in this city Monday and a street parade. Of course the little ones were delighted. Since it was here last this show has added many novel features and continues to grow better and better every year.

The success of the Gentry's show, what industry and perseverance can accomplish. Less than twenty years ago H. D. Gentry, the oldest of the brothers, started out on the road with one or two performing dogs doing what was regarded as very wonderful tricks, and instead of charging a regular admission simply handed round the hat, collecting only what the spectators were willing to give. He finally added one or two ponies to his aggregation and began exhibiting under a small canvas and later on, made a tour of the country exhibiting in opera houses.

Today the Gentry Brothers' Dog and Pony Show is known all over the country. It is divided into four separate concerns and each one is under the direction of one of the brothers, and each one of the shows carries a canvas covering nearly an acre of ground, and, besides dogs and ponies almost without number, have performing monkeys, elephants and other animals.

The show is in every respect clean and moral and never fails to afford amusement to both old and young. To see how well the animals have been trained is an education.

The profit of a gold mine depends not on the amount of rock crushed under the stamps but upon the amount of gold which can be extracted from the rock. In a similar way the value of the food which is eaten does not depend on the quantity which is taken into the stomach but upon the amount of nourishment extracted from it by the organs of nutrition and digestion. When these organs are diseased they fail to extract the nourishment in sufficient quantities to supply the needs of the several organs of the body and these organs cannot work without nourishment. The result is heart "trouble" liver "trouble" and many another ailment. Dr. Pierce's Golden Medical Discovery, acting on every organ of the digestive and nutritive system, restores it to health and vigor. It cures diseases remote from the stomach through the stomach in which they originated. "Golden Medical Discovery" contains neither alcohol nor narcotics.

Millinery Opening.

Tuesday afternoon E. K. Nelson & Company held their spring and summer millinery opening. The opening attracted a large number of ladies and was a great success in every respect.

The interior of the store was quite prettily decorated with palms and evergreens besides the many beautiful hats and trimmings of every description.

There was a splendid display of all that is new and nobby in headgear and there is something suitable for everybody in price as well as style.

Many other articles enjoyed by femininity were shown such as veils, ribbons, flowers, handkerchiefs, etc.

A most pleasant innovation and one that was thoroughly acceptable and enjoyable was the serving of delicious fruit lemonade and cakes by Miss Moore, Miss Jones and Miss Emma Nelson.

The rear of the store had been screened off and appropriately fixed for the serving of these dainties.

The store was thronged during the entire afternoon.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Anti-Monopoly Drug Store and Tydings & Co.

Daily Services.

Beginning next Sunday there will be services at the Baptist Church morning and evening. The services on Sunday will be conducted by the pastor, Rev. L. B. Warren, commencing on Monday night, Rev. J. L. White, of Macon Ga., one of the most eminent divines in the south, will have charge of the meeting. Everybody will be cordially welcomed to attend these meetings and it is hoped that they will prove a great benefit and blessing to the community.
